

Restricted Club Opening

With the current Covid restrictions, the club will only be open on Sundays. All attendees must book in on the website, "Book a Sailing/Maintenance Session" on the "Sailing" menu. Numbers are limited so please book at least 24 hours ahead, and preference will be given to those going on the water.

As previously advised, only the changing rooms and toilet in the clubhouse will definitely be open. Social distancing must be observed and face masks must be worn in the clubhouse. Hot drinks and snacks will be served from the galley window or from the galley hatch if circumstances allow. A Covid Marshall will be on duty.

We still have to provide the Covid Marshall, booking system and Track and Trace capability so have temporarily suspended Saturday casual sailing activities.

Sunday Sailing

The Christmas Series completed last Saturday and the Winter (Blue Robin) Series started on Sunday. There are two races per day with the first race starting at 12:00 and a short break ashore with the second race not before 13:30.

Membership and OOD Rota

Thank you to all those who have renewed their membership and a reminder to those who haven't that it is due. You also need to be filling in your rota commitment of three duties (or more if you wish) of which two should be Sunday duties.

At present, the next two Sundays each have two empty duty slots! Remember that without a complete duty team, no one goes sailing!

Happy New Year and let's hope it's a better one for everyone.

Keep safe and see you on the water.

Best regards,
John Rischmiller,
Vice Commodore
